

clickthe.bio — LOOP's Social Link-List Tool

OUR LINK-LIST TOOL FOR BETTER TRAFFIC FROM SOCIAL

WWW.AGENTUR-LOOP.COM

How to drive traffic from Instagram and TikTok beyond a single URL in the bio?

WITH A LINK-LIST TOOL, THAT REALLY FITS YOUR BRAND

IN A NUTSHELL

Many brands have different content pieces, products and campaigns posted on their timelines — however you can only place one URL in your bio. There are existing tools that direct your followers to a landing page containing multiple links, but you can't get them on brand. Solved, with clickthe.bio by LOOP.

EASY TO CUSTOMIZE

Background color and images, the logo as well as the font styles can easily be adapted to your brand guidelines with just a few clicks in the admin area.

Real-time stats.

REPORTING INCLUDED

Inside the admin area, you can see clicks, views and statistics over specific time periods, daily, weekly or monthly — all that in real time, to understand how much traffic your social channels deliver.

Easy to use.

A SIMPLE CONFIGURATION TOOL.

Aside from the first time setup and configuration, which takes us about 24 hours, you're able to instantly create links, change highlights and the appearance on your own with a simple background tool.
